

APOLLO MILITARY

PREDATOR **PRO** KNIFE FT

FEATURES

Built for Mission-Ready Performance. Full-tang titanium dive and utility knife engineered for combat-diver and maritime specialists. Its HRC46 beta-titanium blade delivers exceptional strength, corrosion resistance, and rapid one-hand deployment in any environment.

Dual Cutting Edge

Serrated section plus integrated line-cutter for entanglements.

Full Tang Beta Titanium

Exceptional strength and full corrosion resistance from the HRC46 Titanium.

Kydex Sheath

Self draining for rapid water expulsion and firm retention.

Non-Magnetic Construction

Safe for EOD and magnetic-sensitive operations.

SQR Quick-Release System

One-handed draw and secure re-attachment.
